

2nd Congress of Actuaire du Monde

CALL FOR PRESENTATIONS

Actuaire du Monde members, the international actuarial community and other academics, experts and professionals who are interested in financial inclusion, social protection and social security are encouraged to submit a paper to the **2nd Congress of Actuaire du Monde Dakar 2023, scheduled on 2 & 3 May 2023.**

Our knowledge, our expertise and our use of volunteers can contribute a lot through the development of financial inclusion in developing and emerging countries with majority of population living with less than 2,15 USD/day, low access to financial services, low financial institution account ownerships, low access to loans, people facing financial hardship for daily risks and old-age, low insurance coverage and lacking efficient social protection.

We believe that actuarial science and actuaries have a valuable approach to considering and solving problems serving public interest, in particular with respect of the topics defined below.

The theme of the congress "Promoting financial Inclusion" will be addressed through a series of plenary sessions, parallel workshops, keynote speeches and group discussions designed to identify and leverage key trends of actuarial, social and economic research and new technologies related to financial inclusion, to provide each participant with knowledge and expertise to serve social and financial development.

1. TOPICS THAT COULD BE COVERED

1. Financial inclusion topics including financial literacy building and sensibilization
2. The role of actuaries in financial inclusion
3. Inclusive finance: creative microcredits
4. Microinsurance for women, young people, smallholder farmers and rural communities
5. Microinsurance for NMSMEs (Nano, Micro, Small, Medium Enterprises)
6. Micro Pensions for workers from informal and rural sector and universal health insurance
7. Technology and financial inclusion (mobile banking, mobile insurance, ...)
8. Regulations for inclusive insurance, insurance laboratories and sandboxes
9. Inclusive Insurance and finance, the SDGs (Sustainable Development Goals), and ESG challenges (ESG: Environment, Social, Governance)

To assist the Scientific Committee in planning the program, authors are kindly requested to complete the "Expression of interest submitting a paper Form", attached herewith and returns it by closing **January 1, 2023** to the email address dakar2023@actuairedumonde.org.

2. LIFE OR VIRTUAL CONTRIBUTION

The best submissions will be selected for a presentation of 45 minutes (including Q&A) for life presentation and 30 minutes – Virtual Presentation. Virtual Presentations to be made available on the website of the Congress (other ways of publishing are looked for example: actuvew).

3. SUBMISSION PROCESS

1. All submissions should be in English or French ;
2. Abstracts should be around 300 words long.
3. "Expression of interest submitting a presentation" Form to be submitted;
4. If abstract is accepted, the author will be informed.
5. Power point presentation to be used by author during congress should not be longer than 15 slides in length. A paper between 10 and 30 pages (without attachments - format: calibri 11 – space 1,08) additional to the powerpoint presentation is most welcome.

4. CALENDAR
