

www.actuvview.com – The best user experience

After several months of intense work behind the scenes, we are proud to announce the relaunch of our video platform.

In June 2024, actuvview will launch with new features, an enhanced search engine, and boosted processing capabilities. Actuaries visiting actuvview will discover a new, intuitive design and additional perks like playlists and comprehensive filter options. All updates are meant to stay up-to-date with the latest technological infrastructure and to deliver the best user experience for our audience worldwide.

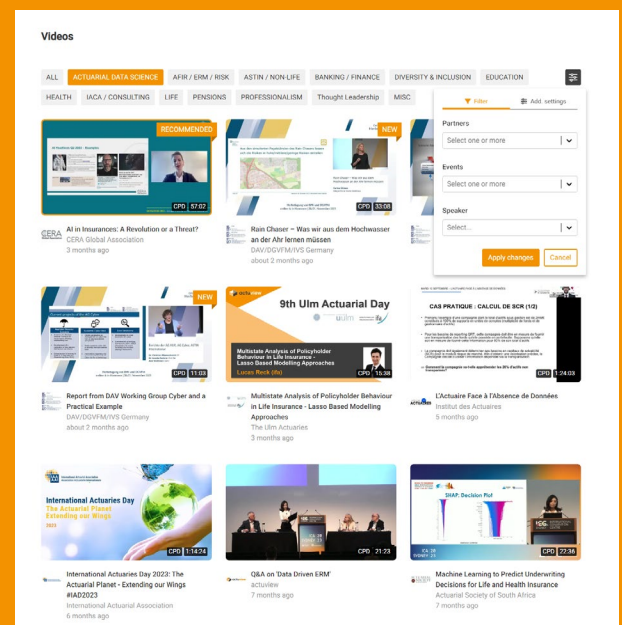

It is our goal to support the actuarial community with knowledge and expertise all around the world. With more than 3,600 videos online on actuvview and the new search engine, it was never easier to find high-class content on your field of practice and to collect CPD time wherever and whenever you want. Our specially designed video player tracks the watch process by the second and documents it in a personal CPD record.

- Free registration if you are associated with one of our 70+ partners
- New features like a boosted search engine, new filter options, and playlists
- Detailed watch tracking with export of your personal CPD record

Learn all about the new and improved actuvview in our short trailer:

Check out the new features

- New user experience with easy-to-use filters for video content and intuitive structure
- Boosted search engine and enhanced search options
- New playlist feature to collect relevant content and save for later viewing
- Enhanced platform performance
- Refreshed layout and design
