

Webinar Meeting the Challenge of Ageing in the EU

25 June 2019 | 10.00-12.00 CEST

PURPOSE

Early 2019 the AAE published the discussion paper '[Meeting the Challenge of Ageing in the EU](#)'. This paper summarizes the findings of both the EU Ageing report and the EU Adequacy report.

The AAE wants to contribute to the discussion by striving for the best possible information and interpretation of that information and to help policymakers and society in general to come to sensible conclusions about what they need to do now to create a bright future for all future generations.

This webinar is intended to provide you with more insight in some of the important issues raised by the European Commission's recent publications. Questions can be submitted via chat throughout the webinar.
